Steve,

At this point in time, we don't have a PRP group in place for OU1. The PRP group KRSG was made up of GP and Millennium Holdings, but they existed to work on the river. The only PRP that actively worked on OU1 was Millennium (then Lyondell, their successor). So, if you are talking about entities that worked on Allied in the past, you should not be referencing a PRP group.

Michael – what is the official name of the PRP group – they are referred to as the “partners”. I want the name in my Panelyte report to be accurate.

Thanks

Steve
